### Diamond

Did you ever received a present what was so special that you will looked at it for hours , or you would dream of it or couldn't wait for the morning to come to play with it. I know many of us , if we get a new cell phone we will play hours on it to figure out how it works or a new car we will wash it every single day. Most of these things is actually in the long run so unimportant. But why is it that nowadays we treat each other like a new cell phone or car for a little while and when we get tired of it we will get rid of it and get a new model.

The worlds motto is that if something is hurting or just not working cut your losses and move on . take that old model and trade it for a newer one. That's why marriage nowadays seems disposable. If someone gave you a very precious stone worth a lot of money , will you also trow that away after a few years ? Well I think most of us will say no , but why? Because of its appearance and because we can see its value just by looking at it , we also know the longer we keep it the more its value will grow,

Lets say I give you a piece of coal , will you react the same way as the diamond , no I don't think so , many of us won't even give it a second glance before ditching it. You see dear reader in each of us the Lord sees a diamond , many of us just see the piece of coal in the mirror , but our Lord Jesus see much more that that, He sees our potential.

Its time that we will start seeing people the way Jesus sees them, looking past the hard and dirty outer levels and see what beauty lies inside of them and in each of us. I heard a story once from one of my friends that in every diamond or crystal there are fluid. When you start to put pressure on this diamond or crystal , with fire the fluid inside starts to build up pressure. After a while the pressure inside of the diamond will be so high that the diamond will start to crack from the inside and the flood will start to come out between the cracks. Theirs so many people who's hearts harden because of life's storms and circumstances, that many from the outside will say that it's impossible to soften that person heart, but I beg to differ. The Lord is the creator of all human hearts, Paul said in his one words that the Lord is the creator of all human hearts. Why then is an harden heart to difficult for the Lord to soften or replace.

*Galatians 4:6 (NKJV)*

*"And because you are sons, God has sent forth the Spirit of His Son into your hearts, crying out, 'Abba, Father!'"*

The same way the fire increased the pressure in the hard diamond, the same way your prayers can soften any harden heart. Remember the Holy Spirit moves when we pray. You're the fire starter and the Lord is the Fire.

*JER 23:29*

*"Is not my word like fire," declares the LORD, "and like*

*a hammer that breaks a rock in pieces?"*

*Break a rock to pieces , how awesome , this scripture give me chills every time a read it. No human heart can stand against our Lord Jesus love. Most of us know about somebody who has a harden heart, lets start praying for them , lets start implanting the Lords seeds in there hearts. In time the Lord will and shall take away there harden hearts and will give them a heart of flesh. He will replace what is stone cold with a heart full of love and on fire for Him and for his or her love ones.*

*Ezekiel 36:26*

*I will give you a new heart and put a new spirit in you; I will remove from you your heart of stone and give you a heart of flesh.*

Nothing is impossible for our Lord God, and nothing in this World can stand against Him and His word , He is and was and always will be.
