New Book offers fresh insight into the secrets to a happy and fulfilling marriage

Are you willing to STAND for your marriage?

This book is not just for those needing to save their marriage but also for us blessed with healthy happy and balanced marriages.

South African Ess-jee Rautenbach began working with troubled marriages in 2009 after his own marriage hit turbulent waters. Since then, "covenant marriage restoration" has become his passion. He has seen marriage after marriage after marriage RESTORED and RENEWED through the simple principles outlined in the oldest book known to mankind, the Bible. In the authors first ground-breaking Christian book, How To Stand For Your Marriage, readers can find the beginnings of new hope for troubled marriages.

"Stand For Your Marriage" reminds people of God's intention for marriage. Marriage vows are a promise "until death do we part." Scripture teaches us "what God has joined together let no man put asunder." So why has marriage become disposable? It certainly isn't the will of God and if it isn't of God it must be the will of Satan. Ess-Jee Rautenbach stands firm on God's purpose and offers hope for floundering marriages. All marriages go through rocky periods.

However, that does not mean we are released from our vows, responsibilities or commitments. Divorce does not hurt only the husband and wife but their children, grandchildren, parents, siblings, and friends. Rautenbach reminds us that we have a great authority to turn to when our marriage falls apart. Instead we turn to friends, family and the therapist for their advice and comfort.

I am impressed with the message of this book. The plot is based on scripture. I agree with the author's point of view. I truly believe that God can breathe life back into dry bones. I agree that Christianity is more than a religion; it is a way of life.

All in all, good read. Kudos to the author for offering his guidance to we who desperately need it, and for sharing pieces of his own Standing journey.
